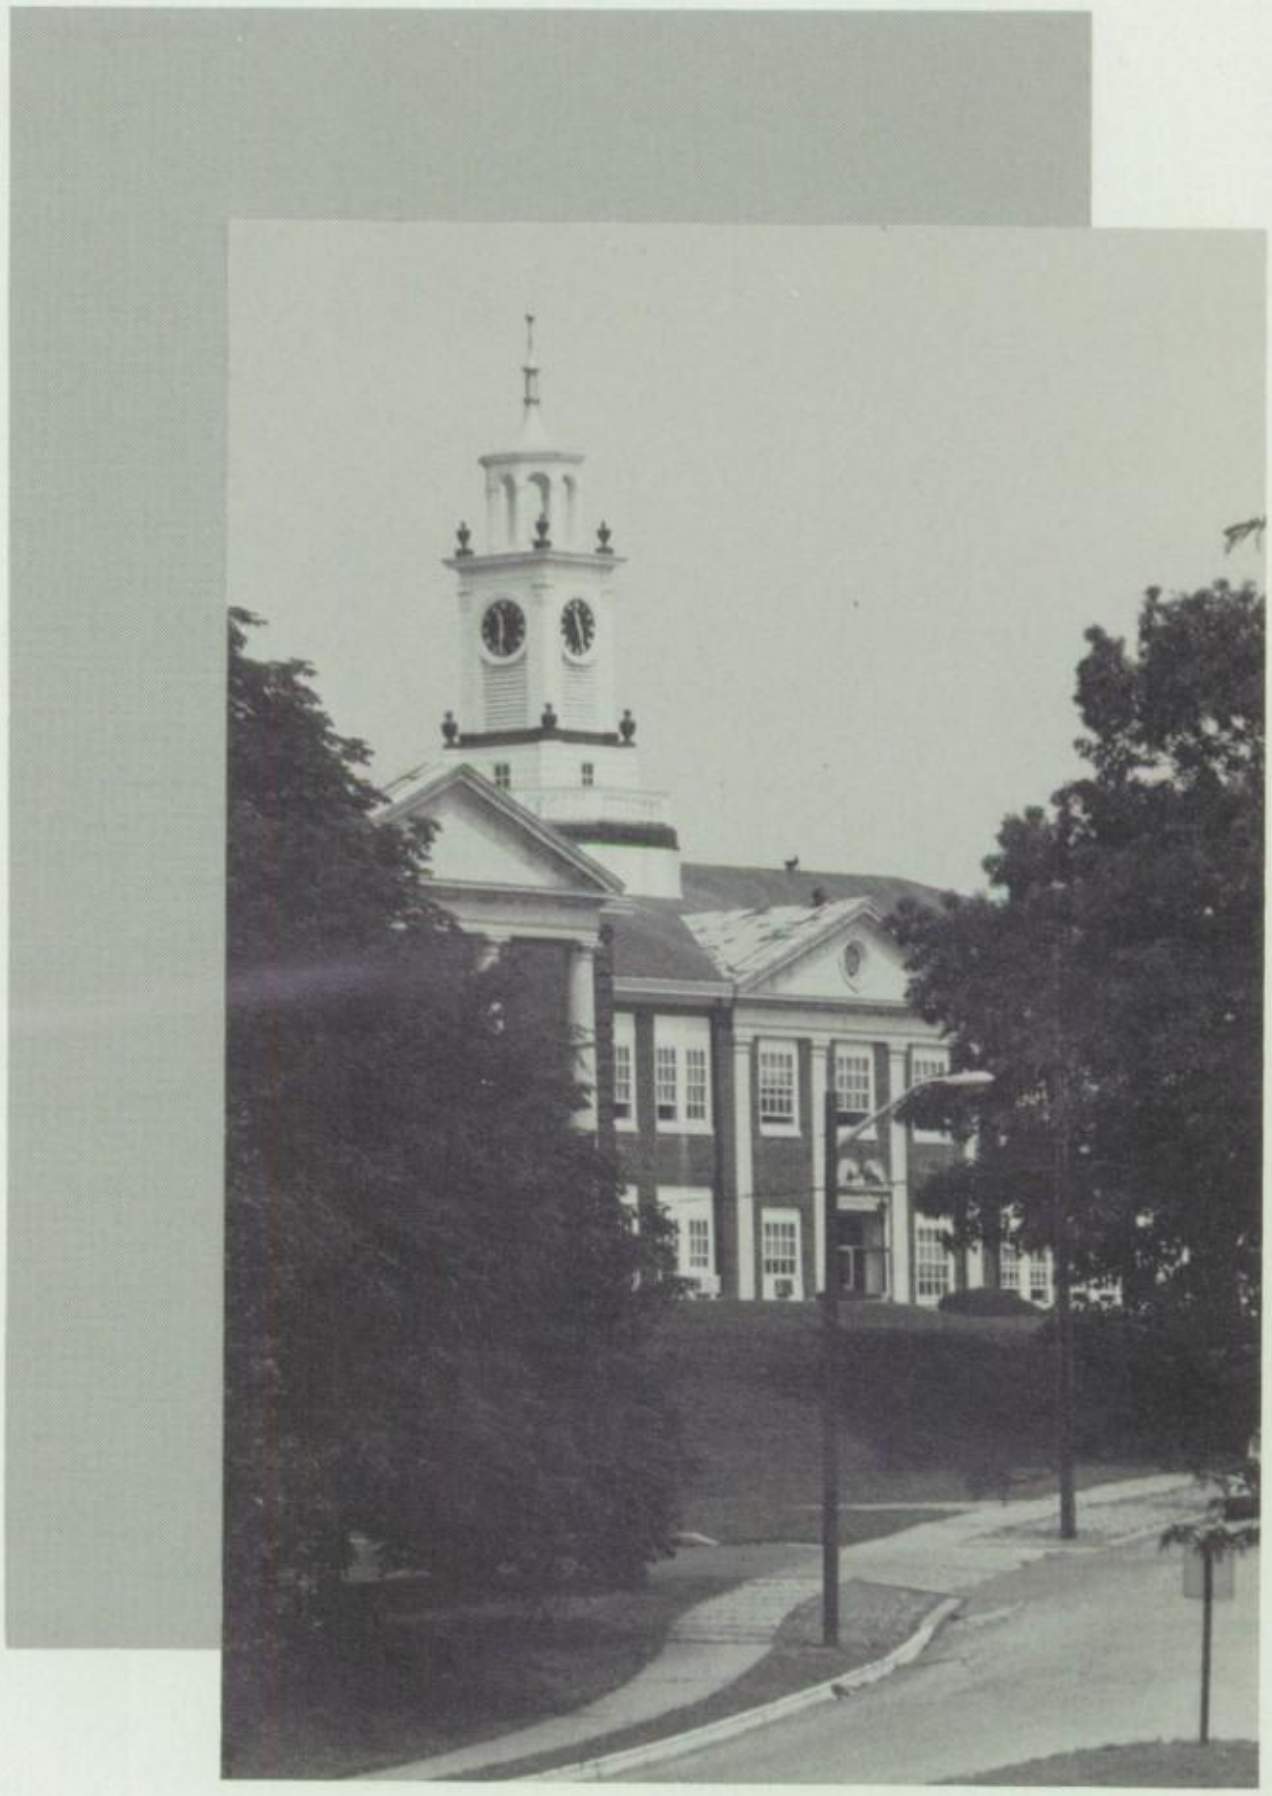
PHILLIPSBURG HIGH SCHOOL

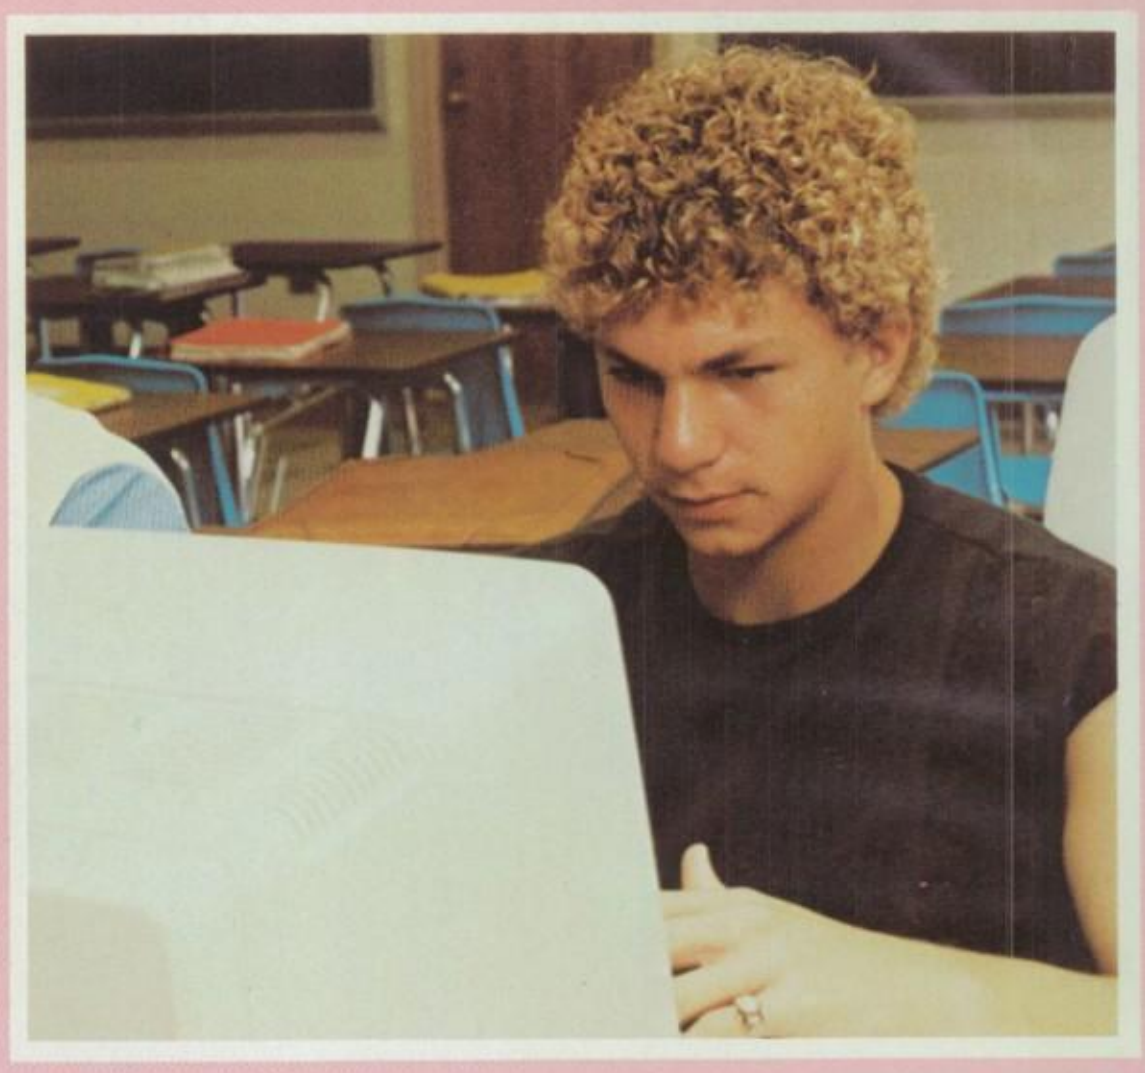
KARAUX '86

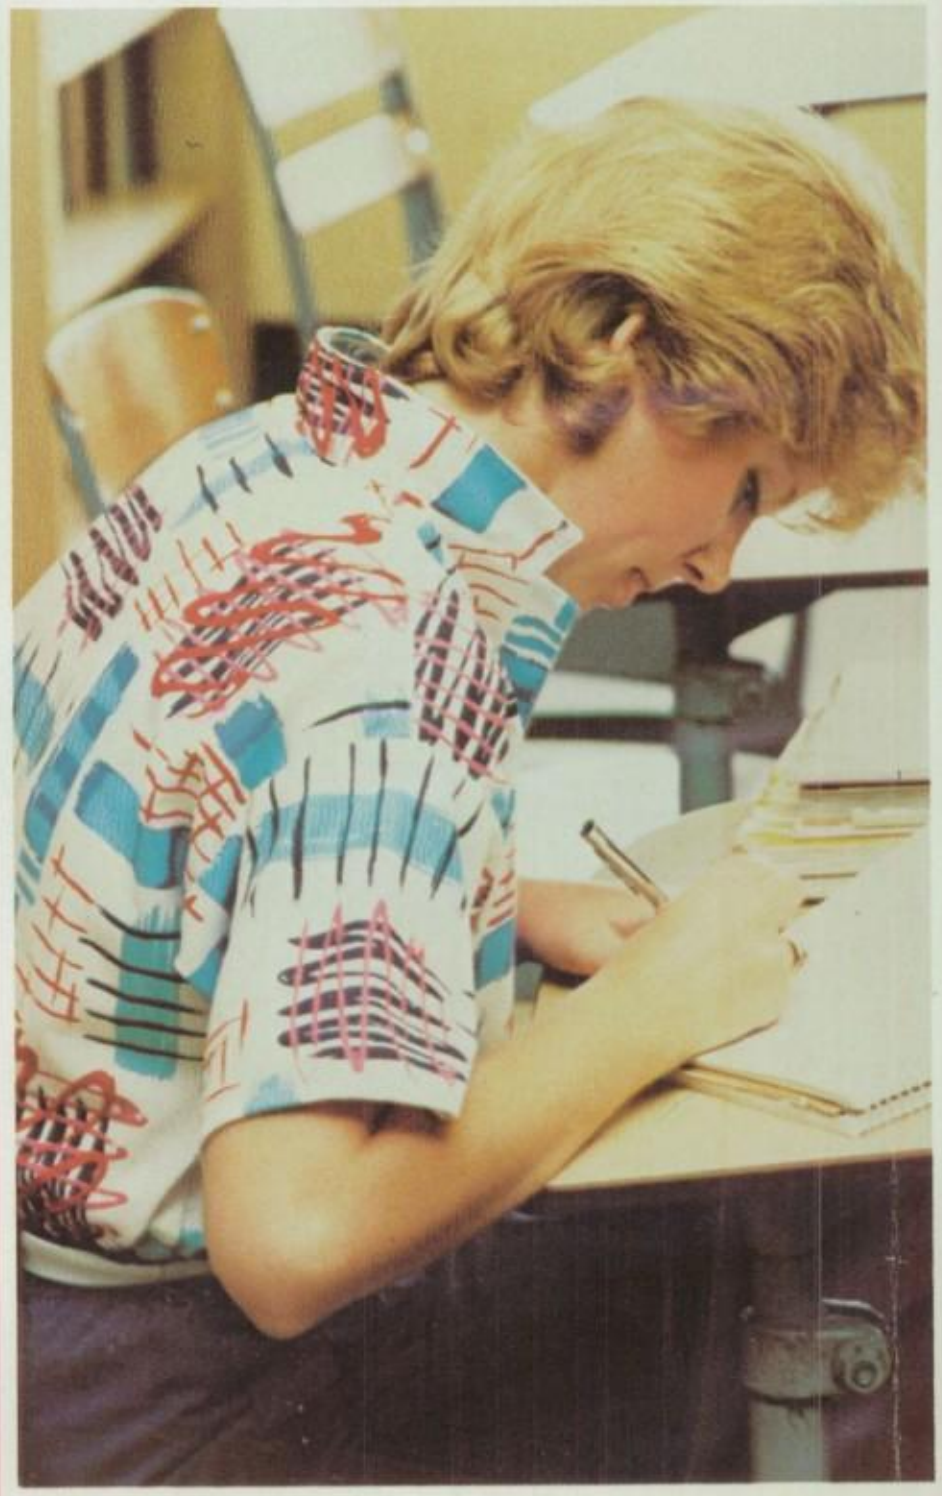


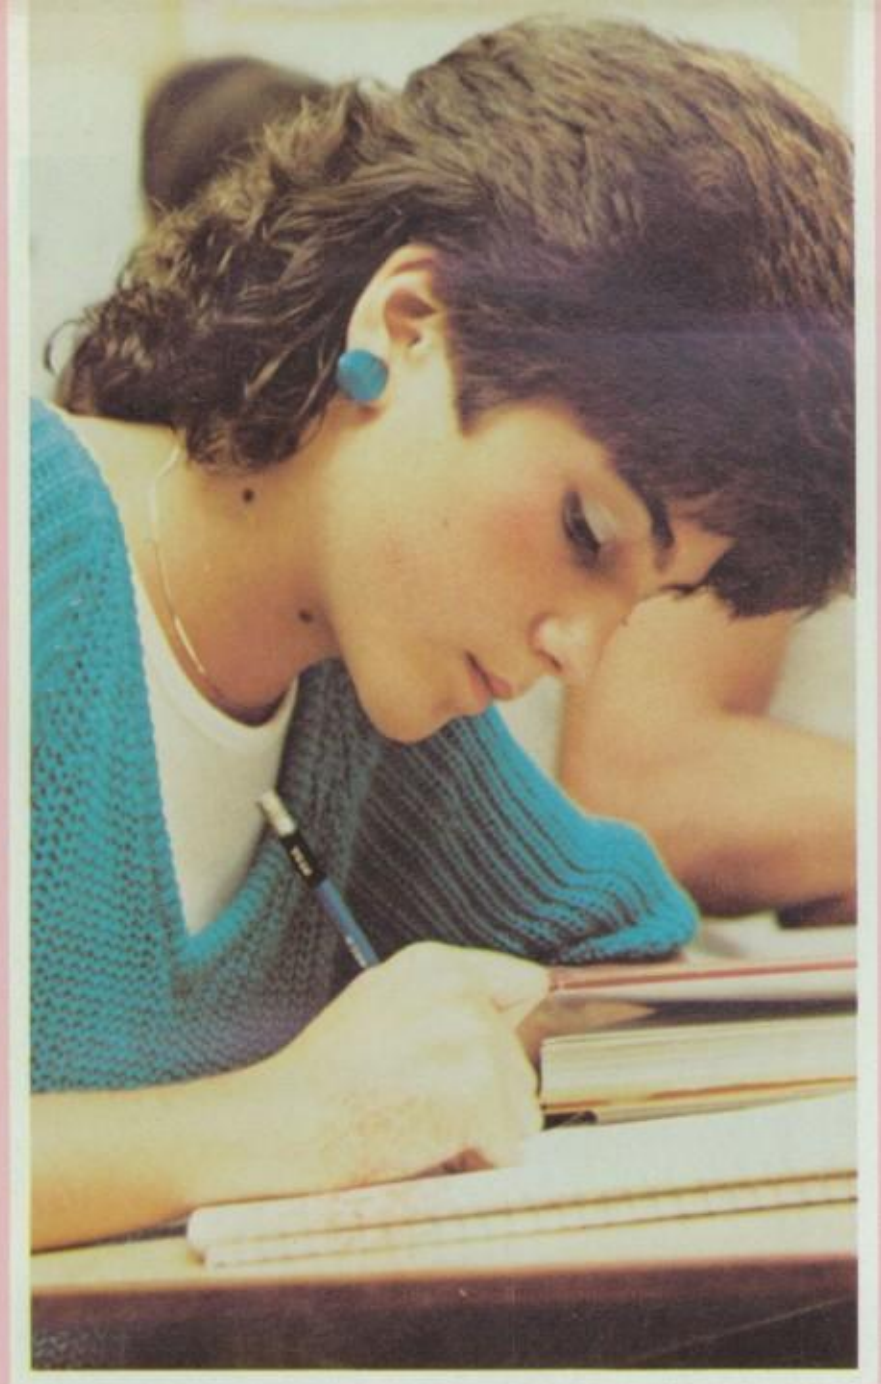
PHILLIPSBURG, NEW JERSEY 08865

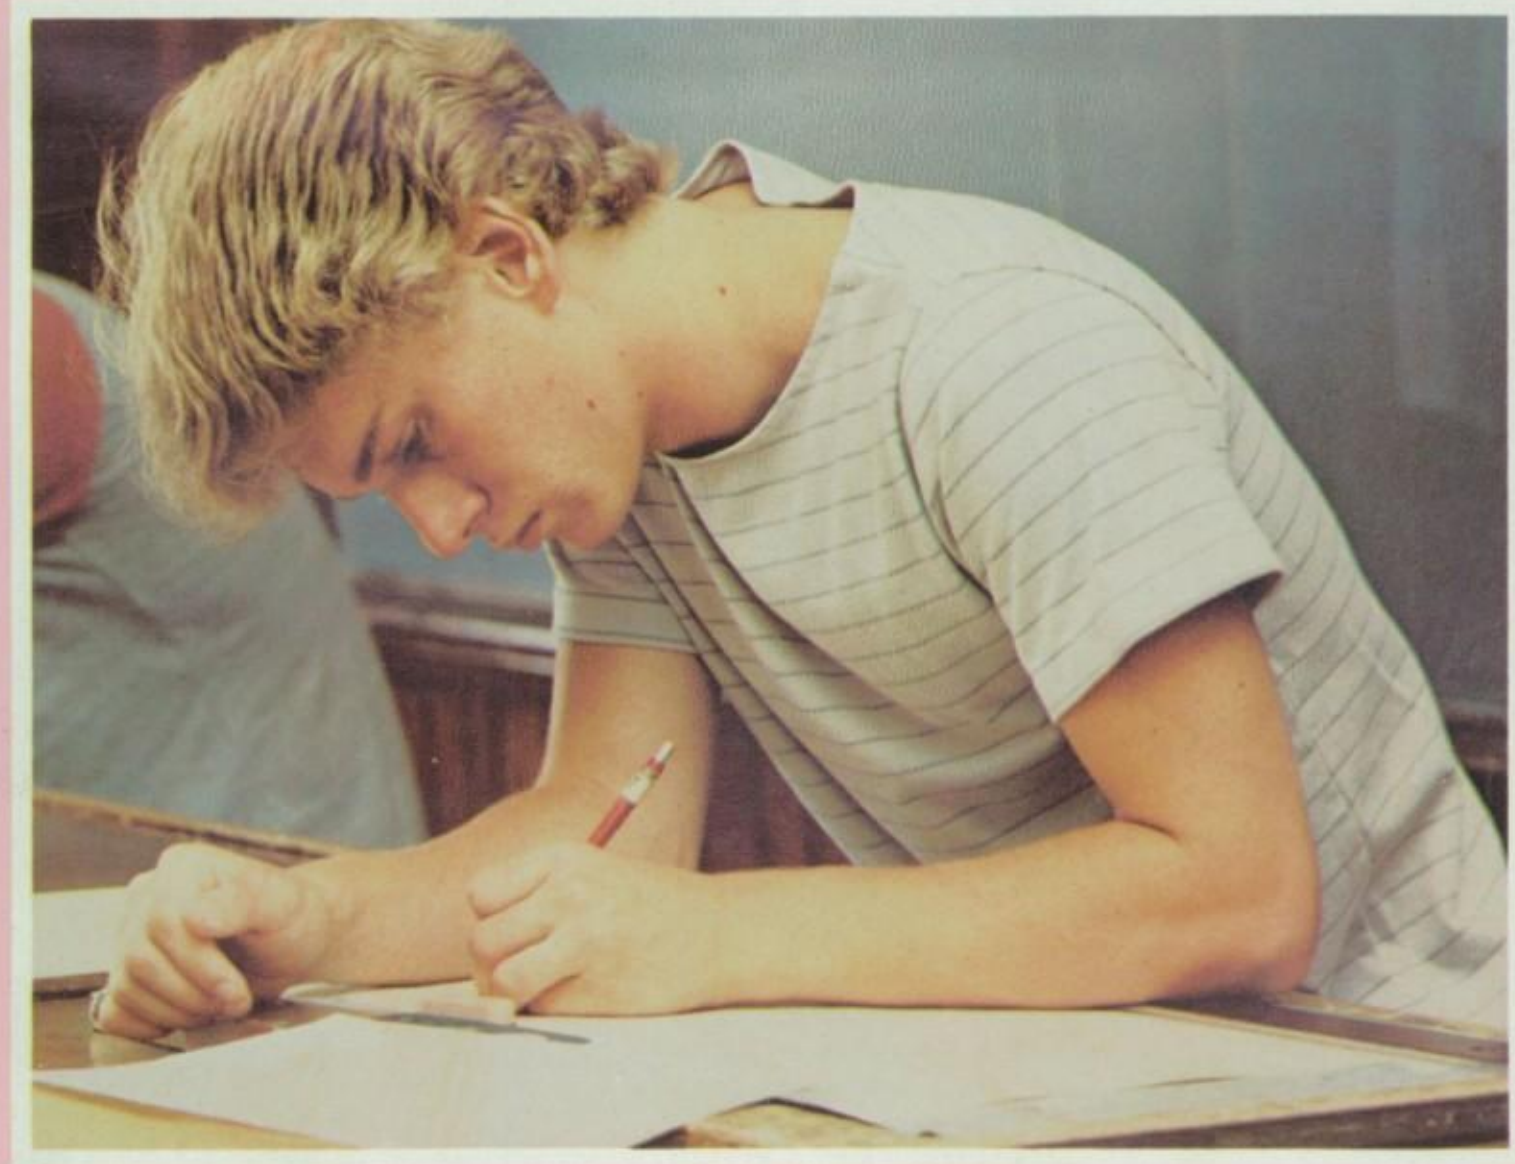
SMART COOKIE

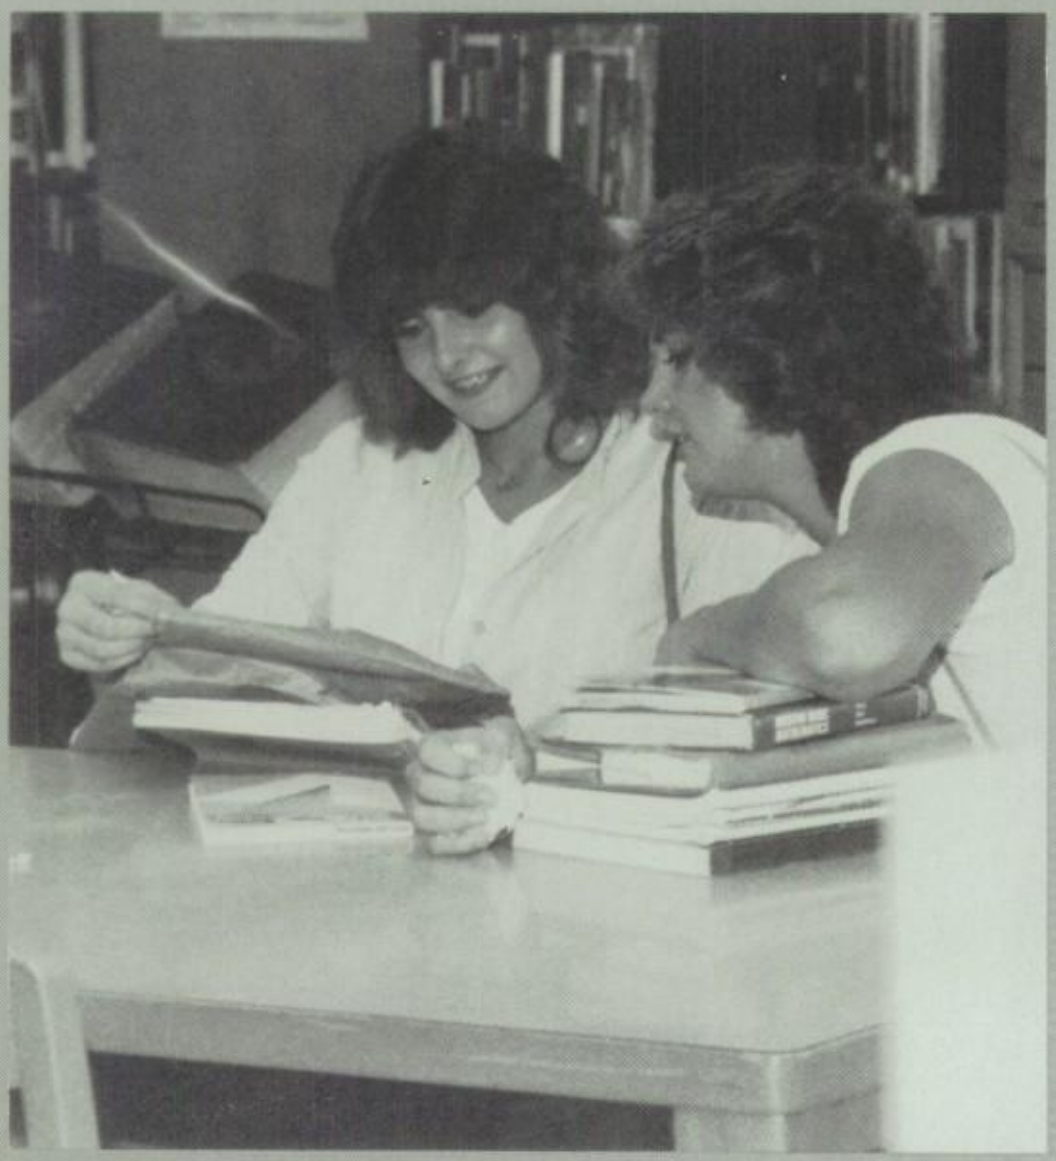
Why are we here? Many times we have asked ourselves this question. Is it worth all this? Of course it is. Each day we come to this high school to prepare ourselves for the future. Whatever occupation we may choose, we need the education we are receiving today. The classes we go to each day will mold for us the years to come.

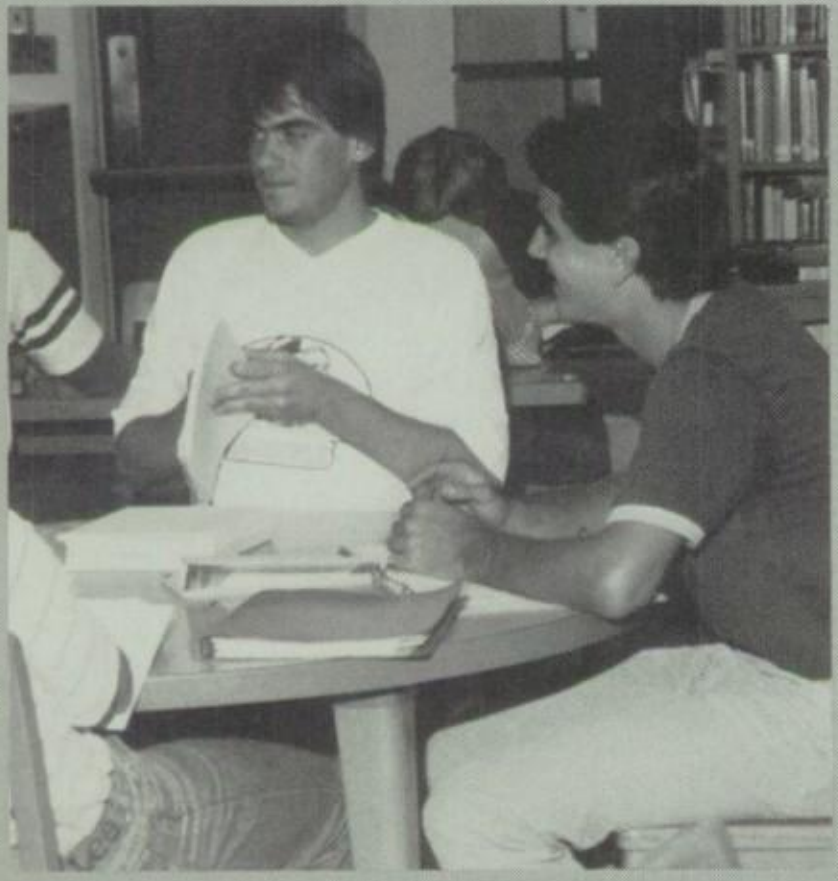












TOP HATS

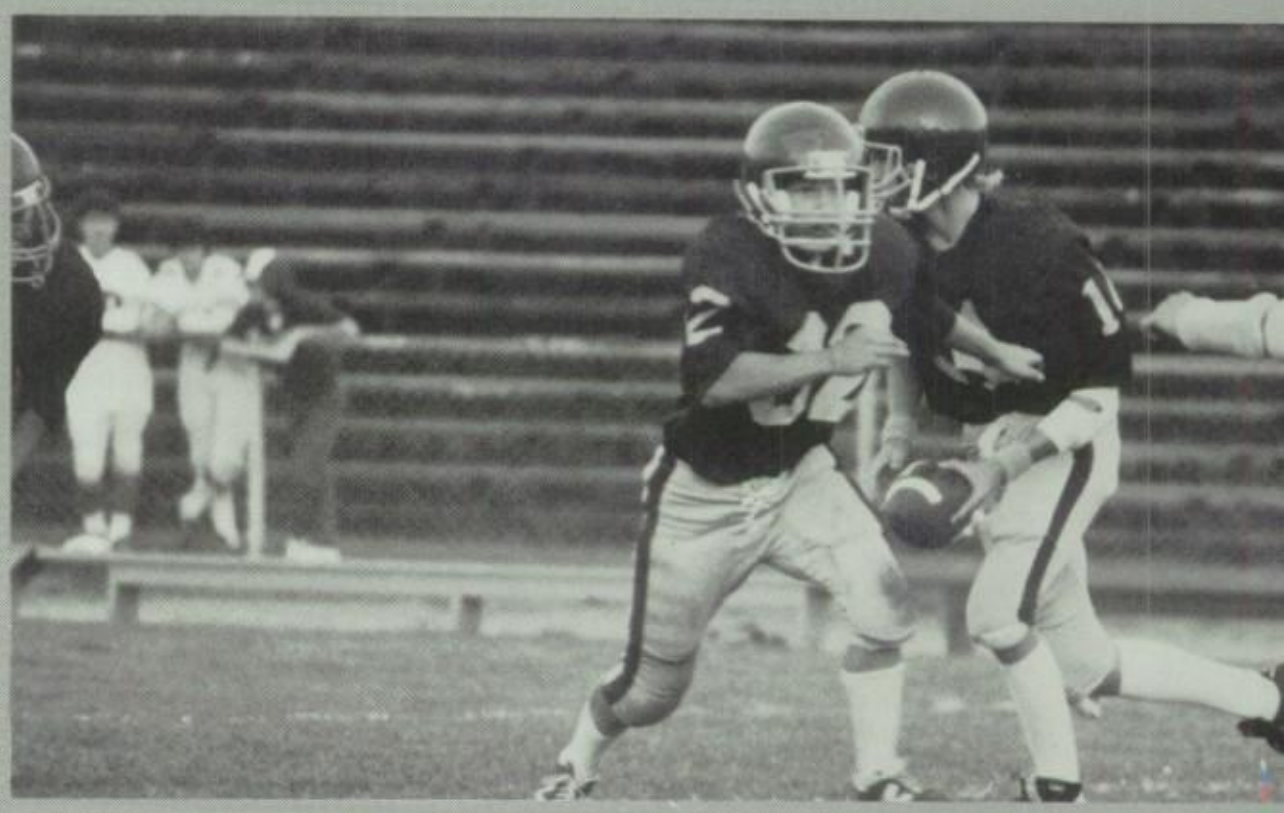
In our years at P'Burg High we've met many people, most of whom we can call our friends. It is not only within these walls that these friendships have been nurtured. We see each other at games, parties, dances and various other activities outside of school. As we look ahead to graduation this year, we are not sad because we know our friends at P.H.S. will be our friends for life.

TOP of THE TOWN

PRIDE — n — A reasonable, justifiable self-respect; a delight or elation arising from some act or possession; the best in a group or class.

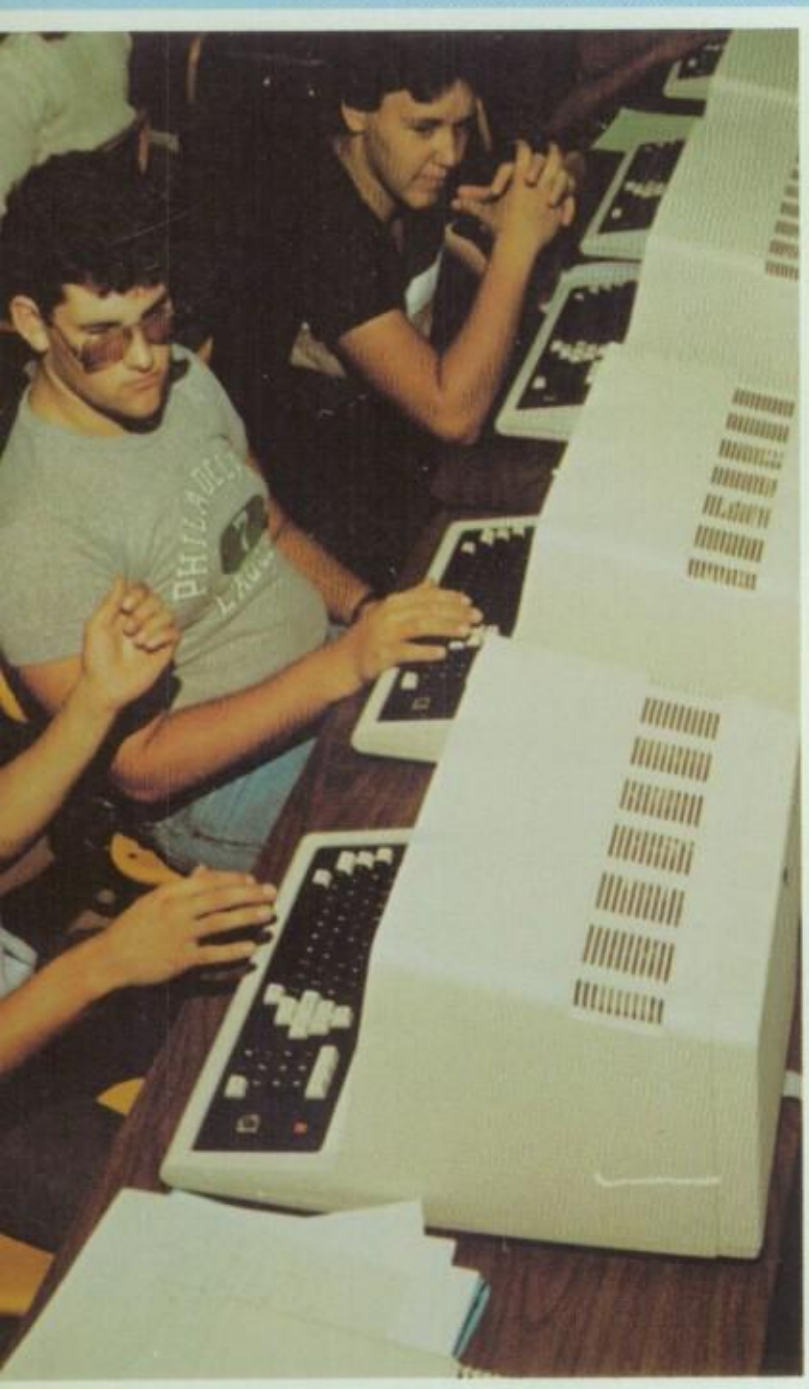
This is the definition Webster gives to the word PRIDE. This is also an accurate description of Phillipsburg High School. Pride is a value which is evident in every facet of life at P.H.S. No matter if you are at a football game, in a classroom, or walking through the halls, pride is always there. Because of the abundance of this characteristic, Phillipsburg excels at whatever it does. Academically and athletically, Phillipsburg IS ON TOP!!

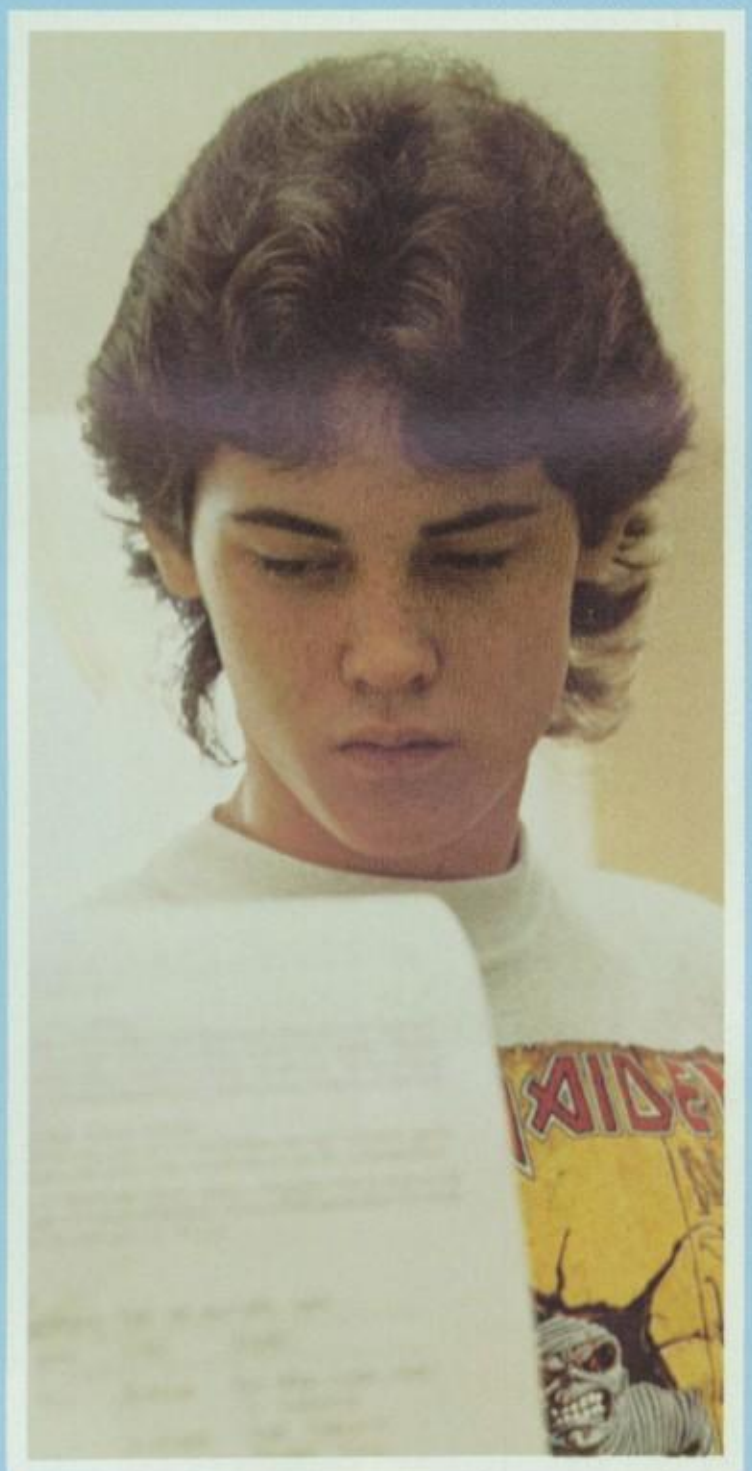
TOP CATS

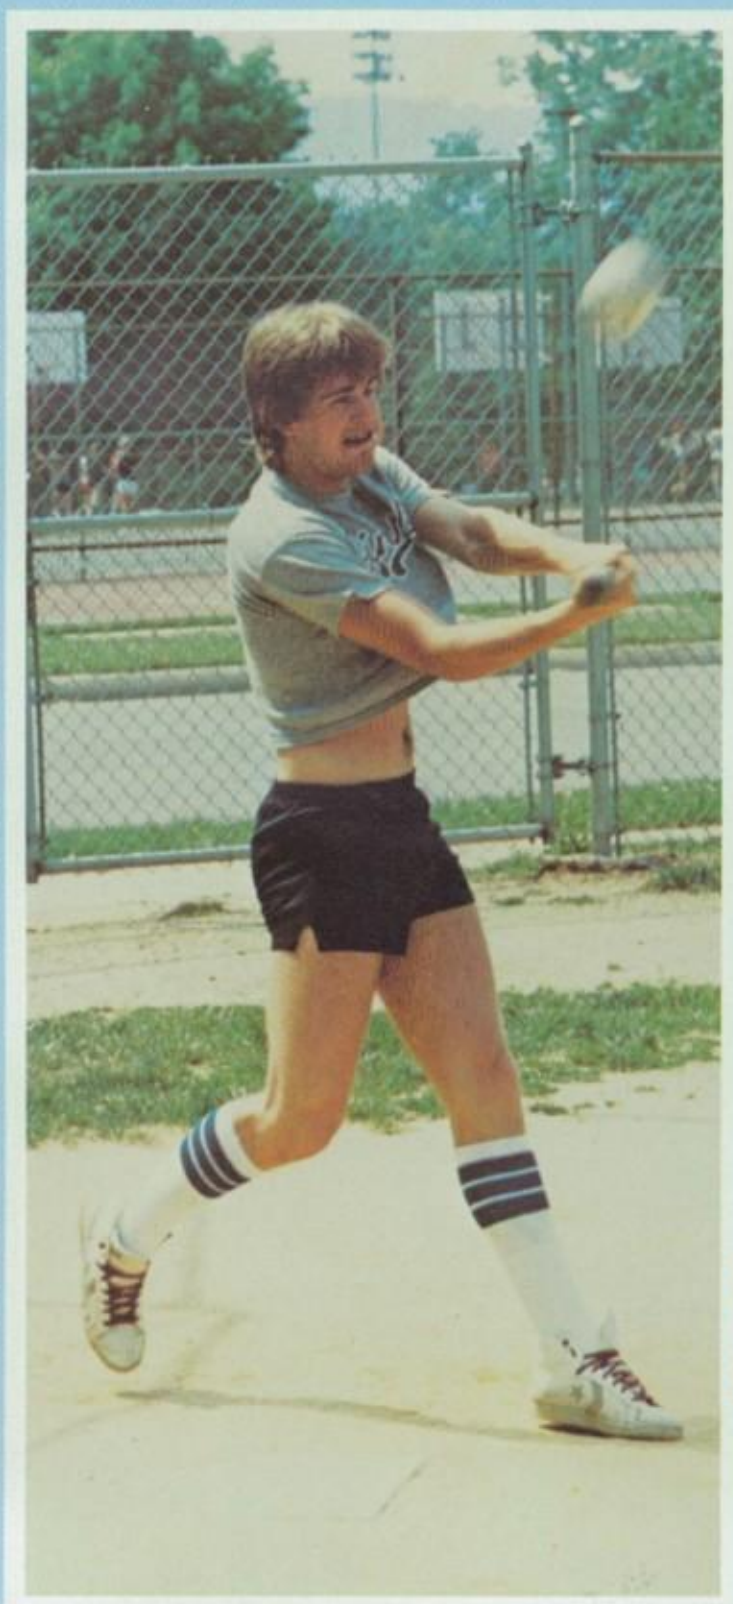


P'BURG HIGH MEANS VICTORY,
ANY WAY YOU SPELL IT.
V-I-C-T-O-R-Y!
YELL IT!!

TOP of THE LINE

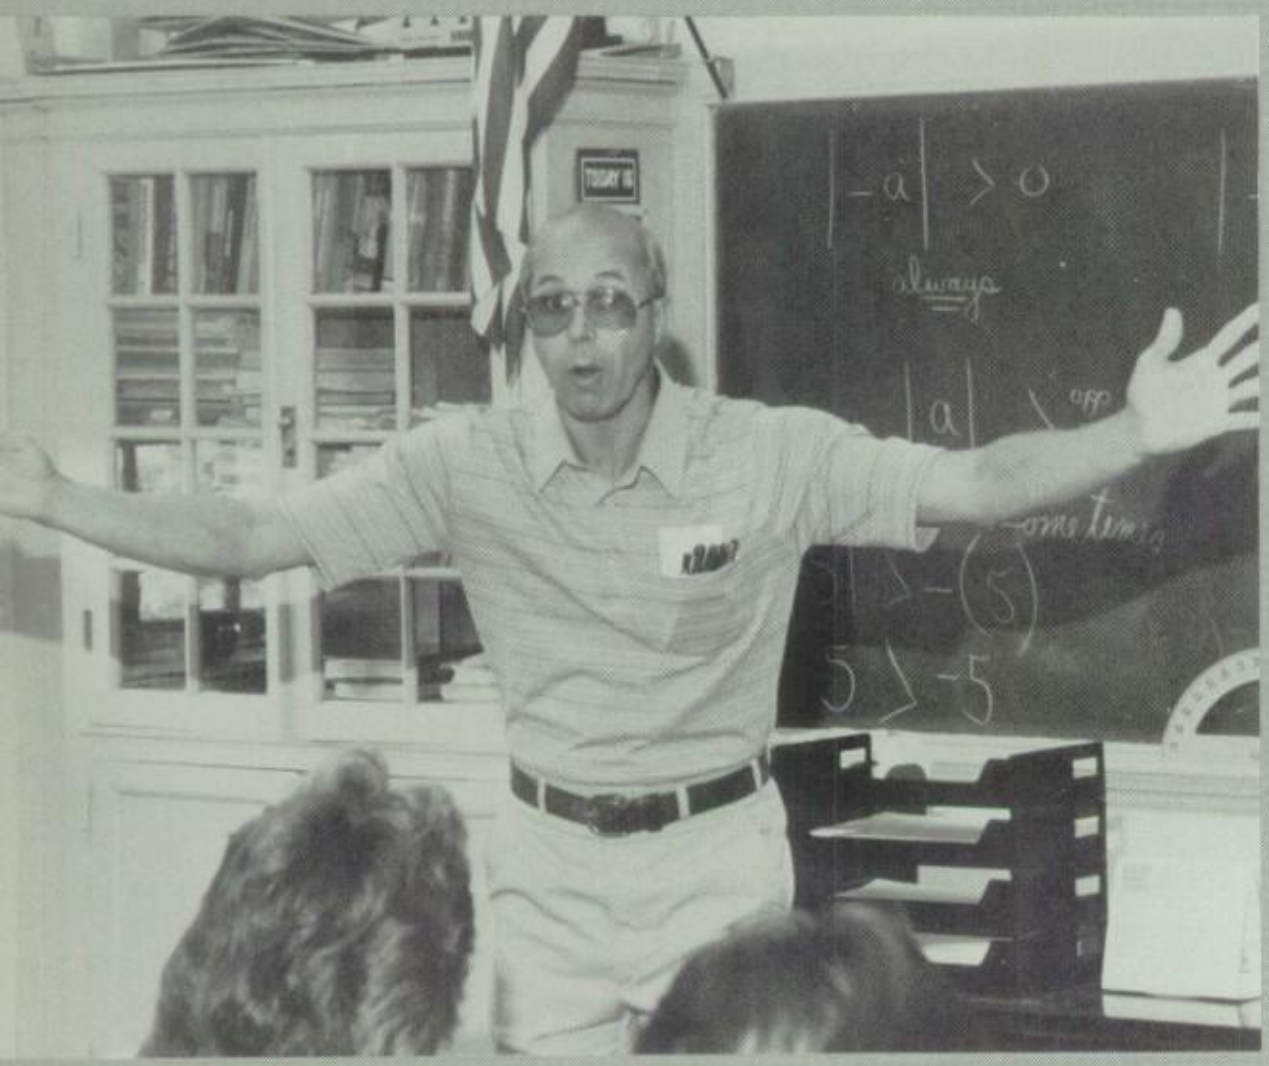


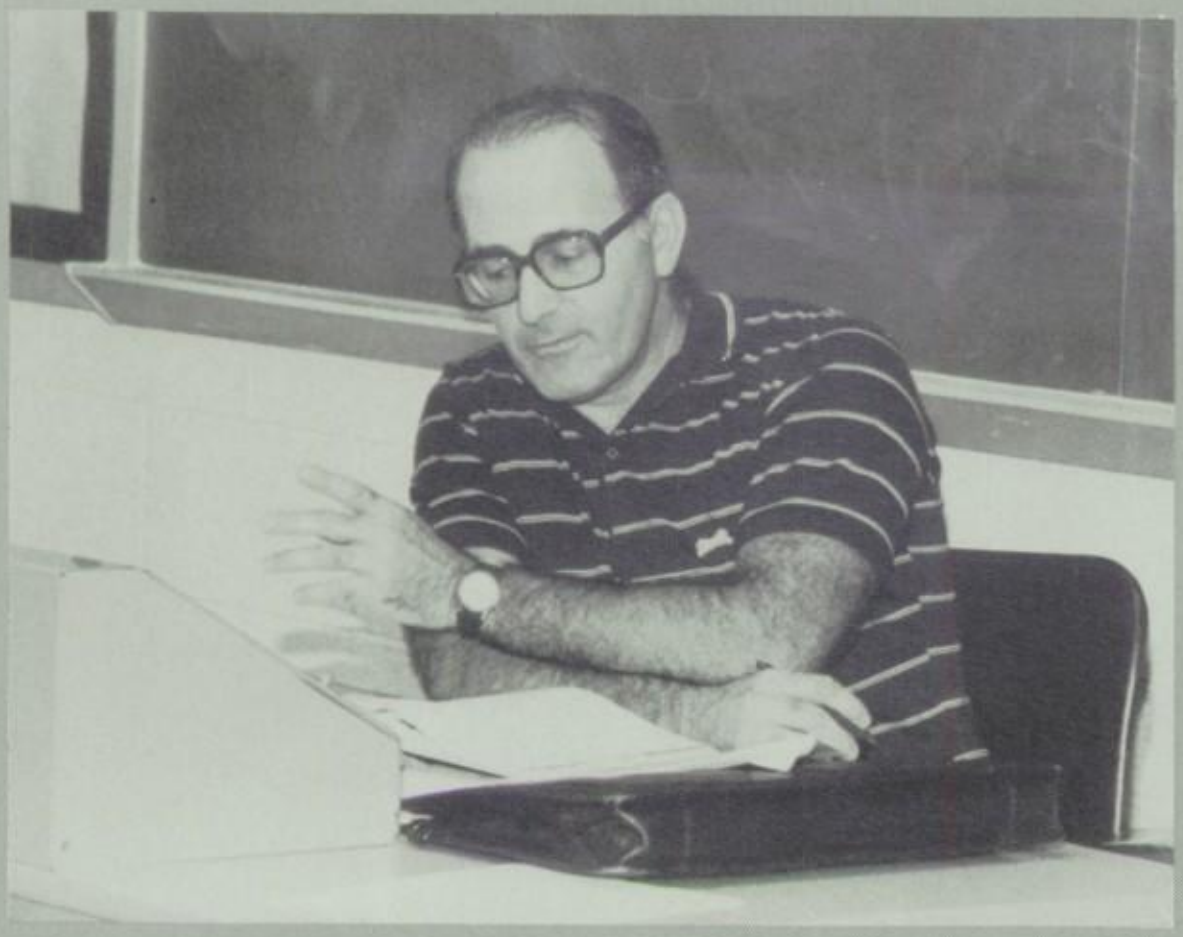


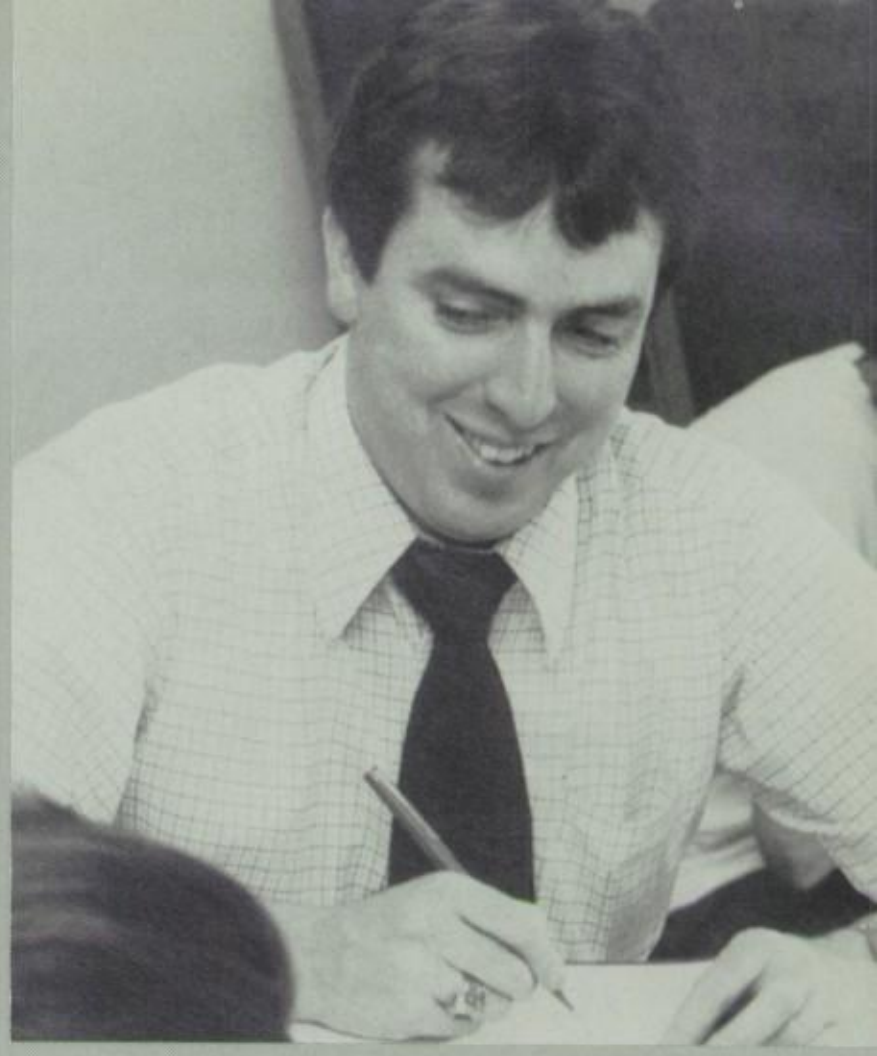


Looks like we've made it! Finally we're in our final year at P.H.S. Sometimes we thought that it would never arrive, but now that is here, we have mixed emotions. We're eager to complete our high school years and move on to the next facet of our lives, but we don't want to leave the many friends we've met along the way. No one knows what the future holds for us, but we can always be sure of the treasured memories we are leaving behind.

TOP-NOTCH







No matter what course of study we choose, no matter what vocation in life, the faculty at P.H.S. dedicate themselves everyday to our education. They work very hard in preparing us for our future lives. Sometimes it isn't easy and sometimes we forget to thank them. Whatever the case may be, we consider our teachers to be the best.

Before entering teaching and while earning his college education, Mr. Lutz was employed as an industrial machine operator at Bell and Howell Company.

He is proud of his teaching staff and their professional dedication to our students. Mr. Lutz has nothing but praise for our student body and he states that each year brings a new respect for the young people of our high school.

Mr. Kenneth Lutz

Dear Members of the Class of 1986,

The yearbook theme for your graduation class is "We're On Top." My message to you as you leave our high school deals with this topic. To be "on top" is quite an exhilarating feeling. We have experienced this exhilaration in many ways during a lifetime. We know that great feeling which it provides to the spirit of living. We, also, knew that this feeling can be short-lived. We know that we cannot rest too long on our laurels and wait for our next experience. Along with this great feeling of accomplishment, there is a sense of questioning. Where do I go from here? Where should I concentrate my energy next? What is my new challenge in life?

Life is a series of ups and downs. Beyond each hill lies a valley. Work and rest - these are life's cycles. You have worked at education for twelve school years to reach this "high point" in your young life. Graduation day is a time for family and friends to share in this high point of your life. You should be proud of this fine accomplishment. But, you know as well as I do that tomorrow will be a new day. There is much to be done and a long road to travel.

I sincerely wish that your education received at Phillipsburg High School will assist you in your journey through life and that you will experience that wonderful feeling of being "On Top" many times. Congratulations on your graduation day.

Sincerely yours,
Kenneth E. Lutz, Principal

MEMORIES

Memories are what we have but togetherness we lack,
What I wouldn't give just to go back.
All the good times and the bad times too,
Is when we helped each other and knew what to do.
We horsed around and laughed so much,
But never thought about the future as such.

Now all that's left, are the good old days,
And most of us will be going our separate ways.
Everyone has changed in more ways than one,
But we'll never let your memories come undone.
You were a very special friend with talents too,
Talents that not one of us really knew.

There isn't a day that we don't think of you,
Because you were so precious and courageous too.
We still wish that you could be here,
But your memories are always near.
So Connie, no matter where you might be,
Your memories are in our hearts and they'll never flee.

Marlene Davis

"Our nice happy friend"

Here is no part
Of that we loved —
The tender heart
So quickly moved,
The wit, the laughter and the grace
Of gesture, the beloved face.

In memory of her
Who could not be confined
Save in the loving mind
We scatter in the air
This precious residue.
O memory be true.

Although the cheering season began with disappointment, the enthusiasm, dedication, and hard work of the girls brought the season to a successful end. The news that cheering would no longer be considred a varsity sport saddened many fans — students, teachers, and parents. But the girls kept up their spirit. They worked hard at camp and learned many new cheers and stunts. They didn't let the disappointment hinder their performance. The cheerleaders practiced hard and cheered at football and soccer games. Some of their pep activities included sponsoring a school dance and pep rallies. Also, they decorated the football players' lockers and the field house every week. The girls also cheered for a track meet for the first time ever. Good news came about half-way through the season: Cheering would remain a sport at PHS! The following week the girls marched in the Halloween Parade with extra pride and pep. Their pep, dedication, and hard work led the cheerleaders to a season filled with fun and satisfaction.

Coach Rohm inspires everyone!

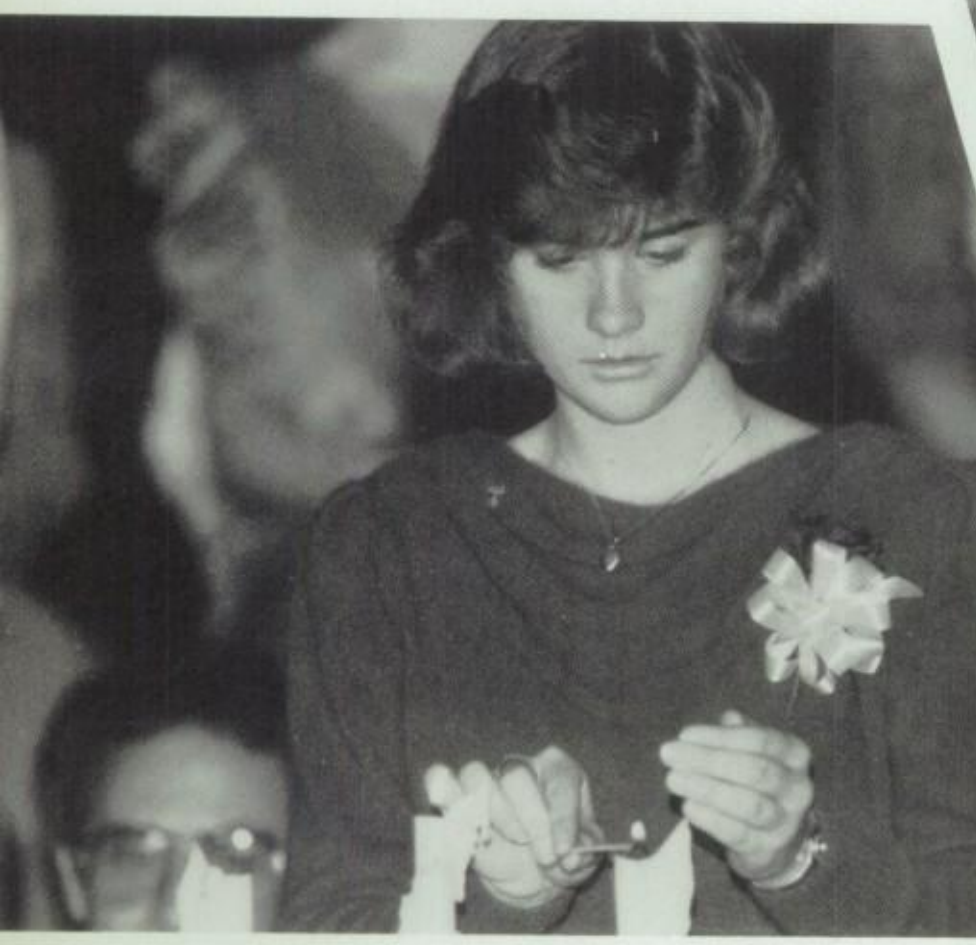
In Memory of Daniel J. Vogt

By CRYSTAL SMITH
Class of '88

On November 22, 1985, Daniel J. Vogt, a freshman here at PHS, unfortunately passed away. This poem by Crystal Smith is dedicated to him, from all his friends.

It seems that saying,
"Only the Good Die Young" is true;
Because this time, Dan
The Lord took you!
You were different
in so many ways;
You brought joy
to all the days.
Your sweetness divine,
it was so true;
and now we're all
so very blue.
But we'll never forget
your smiling face;
The one that can
never be replaced.
The joy you brought
to one and all;
That helped each one
to stand so tall.
Just thinking of you
brings back memories;
And all of them
are well to please!
This poem is just
to let you know;
We love you, Dan
We'll miss you so!



ACTIVITIES

BAND

Pride of '85

Phillipsburg High School is fortunate to have many dedicated and talented musicians and Band Front Members who comprise the Phillipsburg High School Stateliner Band. The many hours of practice both in school and at home is the ingredient that went into the making of that entertaining half-time show, Band Festival, or the music of the Spring Band Concert. This years band was no exception. They have worked very hard to represent both the school and community in their outstanding musical appearances. In return for the dedication and hard work, I hope that each and every Band and Band Front member has grown musically, knowing a little more about music than before the start of their tenure in the Phillipsburg High School Band. All the performances, and for that matter, practices too, are all geared to do one thing, — To enrich your musical education. To the graduating senior band members, take along the many memories you have undoubtly stored over the years as members of the P.H.S. band, but most of all, take along the knowledge of music that you have learned. This is the true essence of Band.

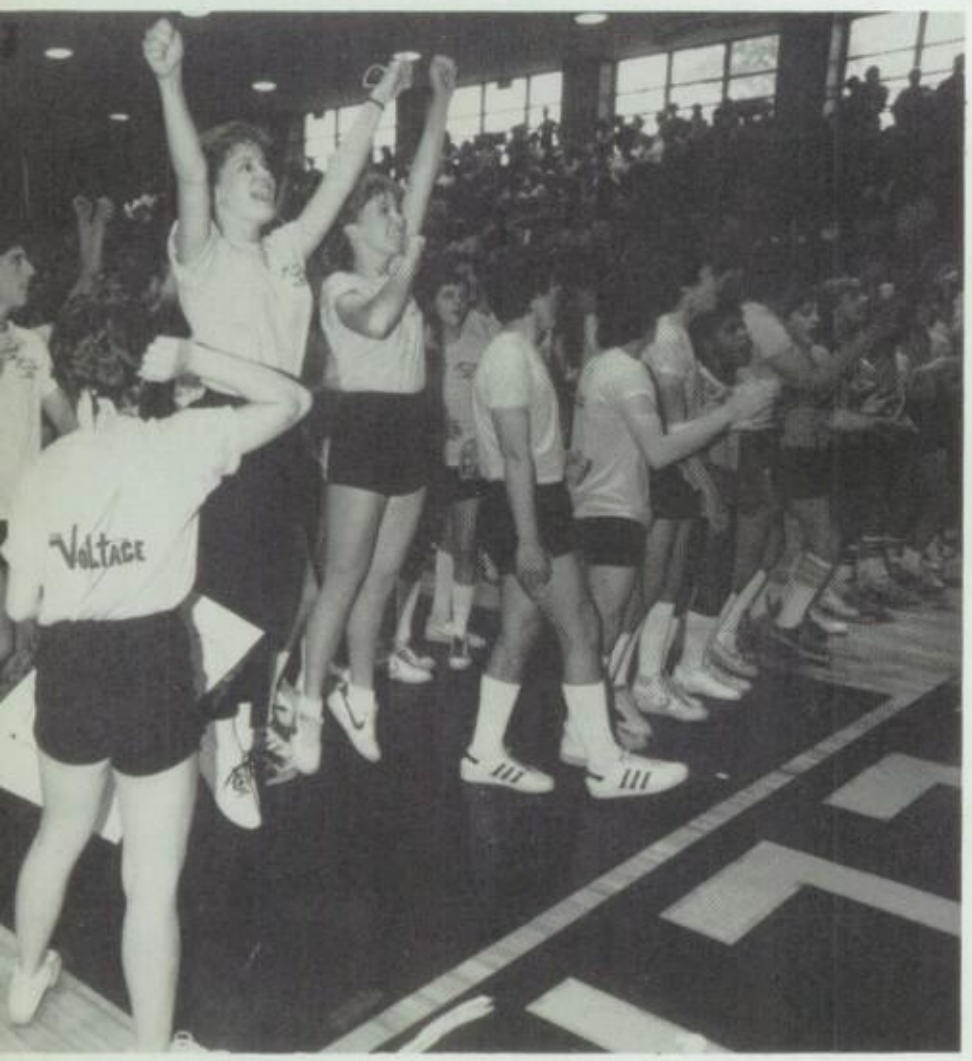
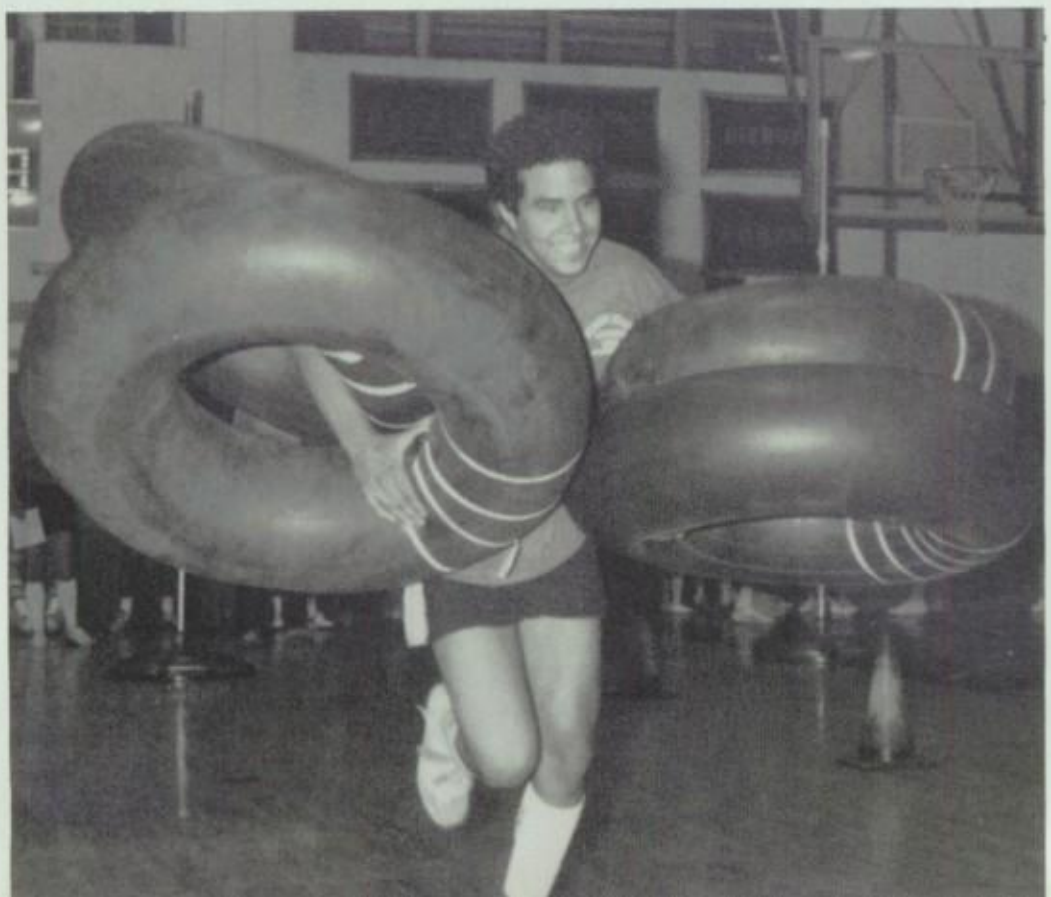
Almost Anything Goes



Almost Anything Goes is a student activity sponsored and promoted by the Student Council. Each year, with the cooperation of both students and staff, a competition of fun-filled activities becomes the center of attention for the community as well as the school.

The program, which received a reward from the New Jersey Association of Student Councils as being one of the top ten student activities in the state, was designed to promote teamwork, sportsmanship, leadership, and school spirit. Over one-third of the student body and an equal number of staff members actively participate to create a unique feeling of comradery between team members.

Almost Anything Goes is an event for everyone — if one does not participate in the actual competition, you can be sure to find them in the stands, cheering for their team and sharing in the spirit of the games.



Dramatics

The Drama Club is open to all students grades 9-12. This organization finances and produces one play and one musical every year. During the 1985-86 school year, the Drama Club produced "January Thaw", The Tournament of Plays, and "You're a Good Man, Charlie Brown."

To earn a letter in Drama Club, a student must earn enough points by participating both on stage and back stage.

Future Farmers of America is an active organization. Throughout the year the chapter offers a variety of activities such as judging, skills contests, and caring for Agricultural Facilities. There are approximately 25 different types of judging ranging from flowers and plants, to dairy and poultry. This chapter has done a wonderful job studying for a variety of contests and has received outstanding ratings in state judgings. We care for approximately four dozen chickens and two swine during the year. The hogs are raised, processed, and the meat is then sold. The chickens are maintained to produce eggs which are sold weekly to Delcrest Market.

F.F.A. also has one large project in May for the benefit of other schools. Barn Yard Day is the largest activity that our chapter offers. We invite all grade schools in our vicinity to come and take part in a tour of the Agricultural Shop, Green House, and the Arboretum which is stocked with farm animals from this area.

To top the year, we celebrate our annual banquet where awards are given to outstanding members.

UNDERCLASSMEN: K. Howell, L. Hull, K. Bedo

OM

The OM program began in 1978 when 28 high schools and middle schools met for the first creative problem solving competition at Glassboro State College in N.J. In the past eight years, the membership has expanded to over 3300 schools and programs across the United States, Canada, Mexico, and several other countries.

A team effort is the strongest principle in the OM competition. All competitive activities are performed as a team. The activities include solving long term and spontaneous problems, as well as style categories.

Participation in the OM program provides an avenue to open the door to the potential in each student. This in turn can build self-confidence and encourage student-initiated inquiry.

Karen Bedo

As the 1985-86 school year comes to an end, we can look back on all the ups and downs we have experienced. We have made many friends among fellow students, faculty, and administration, who have given us memories that will last forever.

"We're on Top" is the way we feel when we think about our four years at P.H.S. We hope that as you look through this book you will remember all the ways you put P.H.S. on Top. We have enjoyed putting this yearbook together and we hope you enjoy looking through it as much as we do.

Lori Dilts
